The tool enables the creation of complete, menu-driven courses.
Can be used in all environmental conditions

Initial estimation

1. **Easy to use**
 - ☐ complete agreement
 - ☒ partial approval
 - ☐ little approval
 - ☐ no consent at all
2. **Well-done user interface**
 - ☐ complete agreement
 - ☒ partial approval
 - ☐ little approval
 - ☐ no consent at all
3. **Easy to learn**
 - ☒ complete agreement
 - ☐ partial approval
 - ☐ little approval
 - ☐ no consent at all

The European Commission support for the production of this publication does not constitute an endorsement of the contents which reflects the views only of the authors, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

4. Useful for future course development

☒ complete agreement ☐ partial approval ☐ little approval ☐ no consent at all

PRO

- Uses the standard HTML 5 format
- possibility to create very good looking and professional products with responsive graphics
- Offers a simple-to-use editor (as used in WordPress) and supports WORD-Insertion
- Supports assessments in various ways
- Free license
- Further development supported by the Spanish Ministry of Education (or connected organisations)

CONTRO

- The documentation is not at the current development status
- Needs some “Trial&Error” work
